An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Willem Gadiano on 7/15/05.

The application has been amended as follows: in claim 1, insert after the last word, *sesamex* "with the proviso that no other pesticidally effective active ingredient is present"

The following is an examiner's statement of reasons for allowance: the invention as now claimed is limited to one of the designated synergists with the designated essential oil active(s), and an inert carrier; while the prior art is replete with essential oil and pesticide compositions of pyrethrins and synergists, there is no suggestion in the prior art of record that the limited compositions of this invention would be effective, as is disclosed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to NEIL LEVY whose telephone number is 571-272-0619. The examiner can normally be reached on Tuesday-Friday, 7 AM to 5:30 PM.
